Part #: NGSS-CSR

(Shown here with AWC THOR Thundertrap LE, CKYE pod, and Steiner M5xi)

OVERVIEW

The Next Generation Surgeon Concealable Sniper Rifle (CSR) is here, updated with cutting edge features. Using feedback from our MIL and LE users, we have paired the Surgeon Scalpel with an MDT chassis, integrating features that previously required accessories: barricade stop, integrated ARCA for tripod use, rigid lockup folding stock, vertical grip, night vision bridge, and plenty of MLOK real estate.
